Education

Patliputra University   **2022 – Present**
Bachelor of Computer Application   *Patna, Bihar*

Skills

- **Technical Languages:** HTML/CSS, JavaScript, TypeScript, C, Python, Nodejs
- **Developer Tools:** VS Code
- **Technologies/Frameworks/Libraries:** GitHub, Angular, React, Bootstrap, PrimeNg
- **Communicative Languages:** English, Hindi

Experience

Coderwa Technologies   **Sep 2023 – Present**
Frontend Developer | Intern   *Patna, Bihar*

- Created reusable components using Angular framework to optimize code and speed of webapp.
- Gained practical experience in full-stack web development, including frontend and backend technologies.
- Developed proficiency in using industry-standard tools and frameworks for software development and project management.
- Strengthened teamwork and collaboration skills through active participation in a dynamic development environment.

Projects

E-commerce website | *HTML, CSS, JavaScript* | *(Link)*   **September 2023**
- Developed and maintained the frontend of an e-commerce website using core web technologies: HTML, CSS, and JavaScript.
- Designed and implemented responsive and user-friendly web pages to ensure optimal user experience across various devices and browsers.
- Enhanced user interaction by integrating dynamic content and interactive features such as product galleries and shopping cart interactions.

Weather Application | *HTML, CSS, JavaScript* | *(Link)*   **March 2023**
- Developed and deployed a weather application that dynamically displays temperature information based on user-defined city and country inputs using HTML, CSS, and JavaScript.
- Integrated third-party weather APIs to fetch real-time temperature data, ensuring accurate and up-to-date information for users.
- Utilized asynchronous JavaScript (AJAX) to handle API requests and update the UI without refreshing the page, improving user experience.

Achievements

- **Developed a comprehensive attendance management system** for college use during my internship at coderwa technologies, streamlining the process of tracking and recording student attendance.
- **Led a team of 3 to win 1st place in the college techathon**.
